Adjudication Response Checklist

Notes for guidance of the Respondent

1. The Respondent can only lodge a submission with the Adjudicator (the Adjudication Response) if the Respondent has provided a Payment Schedule to the Claimant within:
 - a) 10 business days allowed by the Act (or such shorter period as may be provided in the contract after being served with the Payment Claim) or
 - b) 5 business days allowed by the Act after being served with a notice from the Claimant of the intention to apply for Adjudication as a result of the Claimant not being paid by the due date for payment and not being provided with an initial Payment Schedule
 - Please refer to s.18 of the Act for clarification of the meaning of *Payment Schedule*.
2. The Adjudicator cannot consider a submission made by the Respondent after the later of:
 - a) 5 business days after the Respondent received a copy of the Adjudication Application; or
 - b) 2 business days after the Respondent received notice of the Adjudicator's acceptance of the application
3. The Respondent's Adjudication Response must:
 - a) be in writing
 - b) be addressed to the Adjudicator and be received by the Adjudicator within time
 - c) at the same time be served on the Claimant
 - d) identify the Adjudication Application to which it relates
 - e) must not include any reasons for withholding payment unless those reasons have been included in the Payment Schedule
4. The Respondent's Adjudication Response may contain:

Payment Schedule

- a)
 - i. The Payment Schedule
 - ii. Written confirmation of the date and method by which the Claimant received the Payment Schedule from the Respondent (eg; facsimile transmission report, postal details, etc);

Payment Claim

- b)
 - i. The Payment Claim;
 - ii. Written confirmation of the date and method by which the Respondent received the Payment Claim from the Claimant (eg; facsimile, postal details, etc);

Section 21(2) notice

- c)
 - i. The Section 21(2) notice (required to be served by the Claimant on the Respondent if no Payment Schedule was served within the initial 10 days of receipt of the Payment Claim);
 - ii. Written confirmation of the date and method by which the Respondent received the Section 21(2) notice from the Claimant (eg; facsimile, postal details, etc);

Supporting documents

- d) A copy of the construction contract or details of an oral agreement made between the parties;
- e) Supporting documents necessary to evidence or support the reasons in (f)i.) may be attached. These may include, for example, expert reports and

photographs evidencing defective work, statutory declarations from witnesses, letters and minutes from meetings;

Written submissions

- f) i. A written submission by the Respondent relevant to the response, providing full details of reasons given in the Payment Schedule for refusing to pay for withholding payment of any amount
- Important:**
- ii. Submissions are essentially arguments in support of the Respondent's case. The Adjudicator cannot be expected to assume that something said by the Respondent in a letter or minutes of a meeting or other supporting document, is true. As supporting documents usually don't speak for themselves, in the written submissions, the Respondent should state what each supporting document is and how the Respondent contends that the supporting document supports the Respondent's case. The written submissions may include legal arguments, arguments on the interpretation of the contract or other arguments. If the Respondent wants to contend that something in a supporting document is true, the Respondent should say so in the written submissions. If the Respondent fails to do so the Adjudicator might draw the inference that the Respondent is not prepared to argue that the statement is true.

General:

This information is necessarily very brief. The Respondent should not rely upon it but should study the Act and perhaps obtain expert advice. Unless invited by the Adjudicator [see. S25(4) of the Act], the Respondent has no right to make further submissions after lodging its Adjudication Response. Consequently it is most important that the initial submissions are complete.
